20           to walk upon its surface;

21           (4) Michael Collins piloted the command mod-  
22           ule, Columbia, in lunar orbit and helped his fellow

2           way for the first lunar landing when on February  
3           20, 1962, he became the first American to orbit the  
4           Earth; and

5           (6) John Glenn's actions, like Armstrong's,
