3 terms have been defined and interpreted for purposes of  
4 the Balanced Budget and Emergency Deficit Control Act  
5 of 1985.

6 (e) POINT OF ORDER.—

7 (1) IN GENERAL.—When the Senate is consid-  
8 ering a bill, resolution, amendment, motion, or con-  
9 ference report, if a point of order is made by a Sen-  
10 ator against an emergency designation in that meas-  
11 ure, that provision making such a designation shall

18 order being made by any Senator pursuant to this  
19 section, and such point of order being sustained,  
20 such material contained in such conference report  
21 shall be stricken, and the Senate shall proceed to  
22 consider the question of whether the Senate shall re-  
23 cede from its amendment and concur with a further  
24 amendment, or concur in the House of Representa-

1 case may be, which further amendment shall consist  
2 of only that portion of the conference report or  
3 House of Representatives amendment, as the case  
4 may be, not so stricken. Any such motion in the  
5 Senate shall be debatable. In any case in which such  
6 point of order is sustained against a conference re-

 25 gress and the relevant committees of jurisdiction enact

1 legislation to ensure the Social Security System achieves  
2 solvency over the 75 year window as follows:

3           (1) The legislation must modify the Primary In-  
4           insurance Amount formula starting in 2013 to  
5           smoothly phase down so that starting with workers  
6           born after 1985, it will reach a flat benefit of \$1,200  
7           in 2012 dollars indexed between 2012 and the year  
8           in question by the increase in average wages.

9           (2) Effective 2013, reduce benefits on a pro-  
10          gressive basis for single beneficiaries with incomes  
11          over \$55,000 and married couples with incomes over  
12          \$110,000 so that individuals and married couples  
13          who file taxes jointly, with more than \$110,000 and  
14          \$165,000, respectively, in non-Social Security in-  
15          come will receive no benefit.

16          (3) From 2013 to 2022, the normal retirement  
17          age will rise to 68 for workers born in or after 1959.  
18          After 2031, the normal retirement age will be in-  
19          dexed to longevity, adding about 1 month every 2  
20          years according to current projections.

21          (4) The normal retirement age will be increased  
22          by 4 months per year starting with individuals born

24          dividuals born in or after 1959.

1           (5) From 2013 to 2031, the early retirement  
2           age rises to 65 for workers born in or after 1964.  
3           After 2031, the early retirement age will be indexed  
4           to longevity, adding about 1 month every 2 years ac-  
5           cording to current projections.

6           (6) The early eligibility age will be increased by  
7           3 months per year starting with individuals born in  
8           1953 and stopping when it reaches age 65 for indi-  
9           viduals born in or after 1964.

10 **SEC. 502. POLICY STATEMENT ON MEDICARE.**

11           It is the policy of this concurrent resolution that Con-  
12           gress and the relevant committees of jurisdiction enact  
13           legislation to ensure a reduction in the unfunded liabilities  
14           of Medicare as follows:

15           (1) In 2017, Medicare is reformed to provide a  
16           premium support payment and a selection of guar-  
17           anteed health coverage options from which recipients  
18           can choose a plan that best suits their needs over-  
19           seen by a separate independent agency.

20           (2) Preserves the traditional Medicare FFS op-  
21           tion administered by HHS.

22           (3) For each region, the base Federal premium  
23           support would be initially set at 88 percent of the  
24           average of 3 lowest bids.

1           (4) Provides for enhanced risk adjustment to  
2           ensure continuity in coverage and market stability.

3           (5) Raises the age of eligibility gradually over  
4           10 years, increasing from 65 to 68, resulting in a  
5           3.6 month increase per year and subsequently in-  
6           creased or decreased based on longevity.

7           (6) The Federal based premium support  
8           amount would be reduced or phase out for upper in-  
9           come seniors and increased for lower income seniors.

10 **SEC. 503. POLICY STATEMENT ON MEDICAID.**

11           It is the policy of this concurrent resolution that Con-  
12           gress and the relevant committees of jurisdiction enact  
13           legislation to ensure fiscal sustainability at the Federal  
14           level while protecting the most vulnerable and promoting  
15           beneficiary independence as follows:

16           (1) Medicaid is reformed to provide direct Fed-  
17           eral premium support for low-income, nondisabled,  
18           nonelderly individuals.

19           (2) The Federal Government would provide at  
20           least \$2,000 for an individual and at least \$3,500 in  
21           premium support for a family and up to \$9,000 for  
22           the lowest income families.

23           (3) Current Federal Medicaid funding for acute  
24           and long-term care services provided to the disabled  
25           and elderly (dual eligibles) would be converted into

1 a fixed payment to the States adjusted on a per cap-  
2 ita basis for medical inflation.

3 (4) States would be permitted to design and  
4 manage more appropriate care and service delivery  
5 to the disabled and elderly populations remaining in  
6 the program.

7 **SEC. 504. POLICY STATEMENT ON TAX REFORM.**

8 It is the policy of this concurrent resolution that Con-  
9 gress and the relevant committees of jurisdiction shall  
10 enact legislation to ensure the adoption of a new tax sys-  
11 tem that replaces all existing taxes collected by the Fed-  
12 eral Government including but not limited to income, pay-  
13 roll, gift and estate taxes, and excises except those dedi-  
14 cated to specific Trust Funds, with a new flat tax fea-  
15 turing a consumed-income tax base structure that is eco-  
16 nomically neutral with respect to saving and investment,  
17 reduces tax complexity, and provides for a globally com-  
18 petitive single tax rate as follows:

19 (1) The new tax will have a single flat tax rate  
20 consistent with and sufficient to collect the annual  
21 revenue levels specified herein. The individual tax  
22 code shall include no deductions, exemptions, exclu-  
23 sions, or credits except as follows:

1 (A) A deduction for charitable contribu-  
2 tions to institutions qualifying as charitable or-  
3 ganizations under current law.

4 (B) An elective deduction for home mort-  
5 gage interest subject to the condition that if  
6 and only if the borrow elects the deduction the  
7 lender would then owe tax on all resulting in-  
8 come.

9 (C) A deduction for higher education tui-  
10 tion and fees.

11 (D) A standard deduction for seniors equal  
12 to the sum of the flat Social Security benefit  
13 amount plus the value of the Medicare defined  
14 contributions.

15 (E) An exclusion for seniors of up to  
16 \$10,000 in wage and salary income.

17 (F) The current law Earned Income Cred-  
18 it.

19 (G) A \$3,500 nonrefundable tax credit for  
20 families (\$2,000 for individuals) to purchase  
21 health insurance. The new individual tax would  
22 tax all income and other proceeds used for con-  
23 sumption and exclude all saving.

24 (2) The business tax code shall apply the same  
25 rate as the individual tax code, and shall levy tax on

1 total revenue from the domestic sale of goods and  
2 services less purchases of goods and services from  
3 other firms less wages, salaries, and related em-  
4 ployee costs. All credits currently applicable to busi-  
5 ness income would be repealed except the Alternative  
6 Simplified Credit for research and development ex-  
7 penditures.

8 (3) Individuals and businesses would be subject  
9 to taxation solely on income generated within the  
10 United States. A border tax adjustment system  
11 would be developed in consultation with the World  
12 Trade Organization to neutralize tax differences for  
13 goods and services entering and leaving the United  
14 States proper.

15 (4) Tax reform shall be enacted with due care  
16 through transition provisions to avoid insofar as pos-  
17 sible retroactive tax increases or decreases arising  
18 from the accrued tax consequences of decisions made  
19 under current tax law.

20 **SEC. 505. POLICY STATEMENT ON GOVERNMENT ASSET**  
21 **SALES.**

22 (a) FINDINGS.—The Senate finds the following:

23 (1) The Federal Government owns and controls  
24 vast assets, including huge swaths of commercial  
25 land, especially in the West; power generation facili-

1 ties; valuable portions of the electromagnetic spec-  
2 trum; underutilized buildings; and financial assets.

3 (2) Control of these numerous and varied assets  
4 is 1 key expression of a government much too large  
5 and intrusive.

6 (3) Given the Federal Government's excessive  
7 spending, which has driven trillion-dollar-plus defi-  
8 cits for 4 straight years, and generated debt burdens  
9 that are stifling present-day economic growth and  
10 threatening the Nation's future prosperity.

11 (4) Divesting itself of these assets would make  
12 an important contribution to reducing Government's  
13 debt and interest costs.

14 (b) POLICY ON ASSET SALES.—It is the policy of this  
15 budget resolution that the House and Senate shall each  
16 develop a package of asset sales and transfers of govern-  
17 ment activities to the private sector. These proposals,  
18 which are to yield revenues or savings of at least  
19 \$260,000,000,000 through fiscal year 2028, shall be sub-  
20 mitted to the respective chambers for enactment in fiscal  
21 year 2013.

22 (c) ASSUMPTIONS REGARDING ASSET SALES.—The  
23 assets in the package must include, though not be limited  
24 to, the following:

1           (1) Land administered by the Bureau of Land  
2 Management and the Department of Agriculture.

3           (2) Federal buildings and other real estate.

4           (3) Mineral rights.

5           (4) Electromagnetic spectrum.

6           (5) Facilities administered by the Power Mar-  
7 keting Administrations and by the Tennessee Valley  
8 Authority.

9           (6) Federal loans and other financial assets.

10          (7) Amtrak.

11          (d) ASSUMPTIONS REGARDING TRANSFER OF GOV-  
12 ERNMENT ACTIVITIES.—Transfers of government activi-  
13 ties to the private must include, though not be limited to,  
14 the following:

15           (1) The Neighborhood Reinvestment Corpora-  
16 tion.

17           (2) The Government Printing Office.

18           (3) The Architect of the Capitol.

19           (4) The Bureau of Reclamation.

20 **SEC. 506. POLICY ON REPEALING OBAMACARE.**

21          (a) FINDINGS.—The Senate finds the following:

22           (1) The quality of United States health care, as  
23 well as the stability of the nation's economy and the  
24 Federal budget, depend on solving the genuine cost  
25 and delivery challenges in the health sector.

1           (2) But the pervasive government intrusiveness  
2           and \$1,390,000,000,000 cost of Obamacare are pre-  
3           cisely the wrong prescription for problems that have  
4           developed grown from faulty government policy, par-  
5           ticularly on the part of the Federal Government.

6           (3) Obamacare will generate fewer choices, less  
7           access, and greater dependence on the Government  
8           for health care, while increasing taxes, regulation  
9           and mandates on individuals and businesses.

10          (4) A majority of Americans continue to oppose  
11          this one-size-fits-all “remedy,” a Government take-  
12          over of one sixth of the economy that was rammed  
13          through Congress despite a clear lack of consensus.

14          (b) POLICY ON OBAMACARE.—It is the policy of this  
15          budget resolution that Congress should repeal Obamacare  
16          and develop a fresh strategy built on a patient-centered,  
17          market-based solution.

7               (1) any adjustments of allocations and aggreg-  
8       gates made pursuant to this resolution shall require  
9       that any unobligated or unspent allocations be re-

11              (2) revised allocations and aggregates resulting  
12      from these adjustments resulting from the required
