Revenues	FY 2020	FY 2021	FY 2022
Total Revenues	\$0	\$0	\$0

Enactment of this legislation likely will not materially impact state revenue.

Expenditures	FY 2020	FY 2021	FY 2022
Total Expenditures	\$0	\$0	\$0

Enactment of this legislation likely will not materially impact state expenditures.

Net All Funds	FY 2020	FY 2021	FY 2022
	\$0	\$0	\$0

Local Government

UCA 36-12-13(2)(c)

By exempting secondary water suppliers in counties of the third, fourth, fifth, and sixth class from metering requirements, this legislation could eliminate the requirement for approximately 44,000 secondary water connections to spend up to \$1,300 per connection to retrofit existing connections with a meter. The estimated total impact to water suppliers is a reduction of \$57,200,000.

Individuals & Businesses

UCA 36-12-13(2)(c)

To the extent that secondary water suppliers in counties of the third, fourth, fifth, and sixth class would have passed along meter installation costs to individual and business customers, enactment of this legislation could result in eliminated costs of up to \$1,300 per customer, with an estimated total reduction of \$57.2 million.

Regulatory Impact

UCA 36-12-13(2)(d)

Enactment of this legislation likely will not change the regulatory burden for Utah residents or businesses.

S.B. 51 2nd Sub. (Salmon)

No performance note required for this bill

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
