Be it enacted by the Legislature of the state of Utah:

Section 1. Section 34A-2-302 is amended to read:

34A-2-302. Employee's willful misconduct -- Penalty.

(1) For purposes of this section:

(a) "Controlled substance" is as defined in Section 58-37-2.

(b) "Local government employee" is as defined in Section 34-41-101.

(c) "Local governmental entity" is as defined in Section 34-41-101.

(d) "State institution of higher education" is as defined in Section 34-41-101.

(e) "Valid prescription" is a prescription, as defined in Section 58-37-2, that:

(i) is prescribed for a controlled substance for use by the employee for whom it was prescribed; and

(ii) has not been altered or forged.

(2) An employee may not:

(a) remove, displace, damage, destroy, or carry away any safety device or safeguard provided for use in any employment or place of employment;

(b) interfere in any way with the use of a safety device or safeguard described in Subsection (2)(a) by any other person;

(c) interfere with the use of any method or process adopted for the protection of any employee in the employer's employment or place of employment; or

(d) fail or neglect to follow and obey orders and to do every other thing reasonably necessary to protect the life, health, and safety of employees.

(3) Except in case of injury resulting in death:

(a) compensation provided for by this chapter shall be reduced 15% when injury is caused by the willful failure of the employee:

(i) to use safety devices when provided by the employer; or

(ii) to obey any order or reasonable rule adopted by the employer for the safety of the employee; and

58 (b) except when the employer permitted, encouraged, or had actual knowledge of the
59 conduct described in Subsection (4):

60 (i) disability compensation may not be awarded under this chapter or Chapter 3, Utah
61 Occupational Disease Act, to an employee when the major contributing cause of the employee's
62 injury is the employee's conduct described in Subsection (4); or

63 (ii) disability compensation to an employee under this chapter or Chapter 3, Utah
64 Occupational Disease Act, shall be reduced by 15% when the employee's conduct is a
65 contributing cause of the employee's injury but not the major contributing cause.

66 (4) The conduct described in Subsection (3)(b) is the employee's:

67 (a) knowing use of a controlled substance that the employee did not obtain under a
68 valid prescription;

69 (b) intentional abuse of a controlled substance that the employee obtained under a valid
70 prescription if the employee uses the controlled substance intentionally:

71 (i) in excess of prescribed therapeutic amounts; or

72 (ii) in an otherwise abusive manner; or

73 (c) intoxication from alcohol with a blood or breath alcohol concentration of ~~[-.08]~~ .05
74 grams or greater as shown by a chemical test.

75 (5) (a) For purposes of Subsections (3) and (4), as shown by a chemical test that
76 conforms to scientifically accepted analytical methods and procedures and includes verification
77 or confirmation of any positive test result by gas chromatography, gas chromatography-mass
78 spectroscopy, or other comparably reliable analytical method, before the result of the test may
79 be used as a basis for the presumption, it is presumed that the major contributing cause of the
80 employee's injury is the employee's conduct described in Subsection (4) if at the time of the
81 injury:

82 (i) the employee has in the employee's system:

83 (A) any amount of a controlled substance or its metabolites if the employee did not
84 obtain the controlled substance under a valid prescription; or

85 (B) a controlled substance the employee obtained under a valid prescription or the

86 metabolites of the controlled substance if the amount in the employee's system is consistent
87 with the employee using the controlled substance intentionally:

88 (I) in excess of prescribed therapeutic amounts; or

89 (II) in an otherwise abusive manner; or

90 (ii) the employee has a blood or breath alcohol concentration of [~~08~~] .05 grams or
91 greater.

92 (b) The presumption created under Subsection (5)(a) may be rebutted by a
93 preponderance of the evidence showing that:

94 (i) the chemical test creating the presumption is inaccurate because the employer failed
95 to comply with:

96 (A) Sections 34-38-4 through 34-38-6; or

97 (B) if the employer is a local governmental entity or state institution of higher
98 education, Section 34-41-104 and Subsection 34-41-103(5);

99 (ii) the employee did not engage in the conduct described in Subsection (4);

100 (iii) the test results do not exclude the possibility of passive inhalation of marijuana
101 because the concentration of total urinary cannabinoids is less than 50 nanograms/ml as
102 determined by a test conducted in accordance with:

103 (A) Sections 34-38-4 through 34-38-6; or

104 (B) if the employer is a local governmental entity or state institution of higher
105 education, Section 34-41-104 and Subsection 34-41-103(5);

106 (iv) a competent medical opinion from a physician verifies that the amount of
107 controlled substances, metabolites, or alcohol in the employee's system does not support a
108 finding that the conduct described in Subsection (4) was the major contributing cause of the
109 employee's injury or a contributing cause of the employee's injury; or

110 (v) (A) the conduct described in Subsection (4) was not a contributing cause of the
111 employee's injury; or

112 (B) the employee's mental and physical condition were not impaired at the time of the
113 injury.

114 (c) (i) Except as provided in Subsections (5)(c)(ii) and (iii), if a chemical test that
115 creates the presumption under Subsection (5)(a) is taken at the request of the employer, the
116 employer shall comply with:

117 (A) Title 34, Chapter 38, Drug and Alcohol Testing; or

118 (B) if the employee is a local governmental employee or an employee of a state
119 institution of higher education, Title 34, Chapter 41, Local Governmental Entity Drug-Free
120 Workplace Policies.

121 (ii) Notwithstanding Section 34-38-13, the results of a test taken under Title 34,
122 Chapter 38, Drug and Alcohol Testing, may be disclosed to the extent necessary to establish or
123 rebut the presumption created under Subsection (5)(a).

124 (iii) Notwithstanding Section 34-41-103, the results of a test taken under Title 34,
125 Chapter 41, Local Governmental Entity Drug-Free Workplace Policies, may be disclosed to the
126 extent necessary to establish or rebut the presumption created under Subsection (5)(a).

127 (6) (a) A test sample taken pursuant to this section shall be taken as a split sample.

128 (b) One part of the sample is to be used by the employer for testing pursuant to
129 Subsection (5)(a):

130 (i) at a testing facility selected by the employer; and

131 (ii) at the employer's or the employer's workers' compensation carrier's expense.

132 (c) The testing facility selected under Subsection (6)(b) shall hold the part of the
133 sample not used under Subsection (6)(b) until the sooner of:

134 (i) six months from the date of the original test; or

135 (ii) when the employee requests that the sample be tested.

136 (d) The employee has only six months from the date of the original test to have the
137 remaining sample tested:

138 (i) at the employee's expense; and

139 (ii) at the testing facility selected by the employee, except that the test shall meet the
140 requirements of Subsection (5)(a).

141 (7) If any provision of this section, or the application of any provision of this section to

142 any person or circumstance, is held invalid, the remainder of this section shall be given effect
143 without the invalid provision or application.
