CONCURRENT RESOLUTION ON UTAH WILDFIRES
2013 GENERAL SESSION
STATE OF UTAH
Chief Sponsor: Joel K. Briscoe
Senate Sponsor: Karen Mayne
LONG TITLE
General Description:
This concurrent resolution of the Legislature and the Governor expresses appreciation
to the many dedicated individuals from state, federal, and local agencies, and
volunteers, for helping to combat the state's many wildfires during the 2012 wildland
fire season.
Highlighted Provisions:
This resolution:
• expresses deep appreciation to the many dedicated individuals from state, federal,
and local agencies, and volunteers, who responded to the wildfires that raged across
the state during the 2012 wildland fire season; and
 expresses appreciation to the many individuals who willingly put themselves in
harm's way to protect their neighbors.
Special Clauses:
None
Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:
WHEREAS, Utah's 2012 wildland fire season, with 1,528 fires, was more devastating
than any other season on record;
WHEREAS, lower than average snowpack and a dry spring resulted in unseasonably
early fire conditions;
WHEREAS, by the time the official fire season started, Utah was experiencing the
driest May and June in 30 years and fire indices were at record levels;

30	WHEREAS, fire restrictions were put in place by the first of June, and fire activity
31	began early and peaked in late June and early July;
32	WHEREAS, during a single two-week period, Utah averaged one large fire every other
33	day;
34	WHEREAS, a strong monsoonal flow in the latter half of July put an end to the extreme
35	conditions, and activity slowed significantly in the later part of the summer;
36	WHEREAS, 50% of Utah's wildland fires during the 2012 wildland fire season were
37	caused by lightning, and 50% were human caused, including 33 that were caused by target
38	shooting;
39	WHEREAS, 10% of the fires were caused by equipment, 7% by debris burning, and 6%
40	by campfires;
41	WHEREAS, Utah's wildfires burned 413,626 acres, including 81,624 private acres,
42	279,521 federal acres, and 52,481 state acres;
43	WHEREAS, the number of acres burned was well above the ten-year average;
14	WHEREAS, Utah experienced a record number of large fires, and a higher than average
45	number of those fires occurred on state and private lands;
46	WHEREAS, a record number of structures was lost to fire damage;
1 7	WHEREAS, considering the extreme level of fire activity and the thousands of hours
48	spent working on the fires, the safety record was remarkable;
19	WHEREAS, 88% of wildfire starts were extinguished by local resources before they
50	reached catastrophic size;
51	WHEREAS, unfortunately, two aerial firefighters were killed when the air tanker they
52	were flying in crashed near the White Rock Fire, three volunteer firefighters were seriously
53	injured during the initial attack phase of the Clay Springs Fire, and one resident was killed in
54	the Wood Hollow Fire after refusing to evacuate;
55	WHEREAS, costs to the state for fire suppression have been estimated at \$16 million;
56	WHEREAS, Utah applied for and received approval for five Fire Management
57	Assistance Grants through the Federal Emergency Management Agency;

58	WHEREAS, Utah's major fires in 2012 included Dump, which burned 5,507 acres from
59	June 21 to June 25; Wood Hollow, which burned 48,986 acres from June 27 to July 19; Church
60	Camp, which burned 7,217 acres from June 24 to July 18; Seeley, which burned 40,385 acres
61	from June 26 to July 19; Clay Springs, which burned 108,846 acres from June 27 to July 24;
62	Wolf Den, which burned 19,865 acres from June 29 to July 25; Rose Crest, which burned 612
63	acres from June 30 to July 3; Shingle, which burned 8,061 acres from July 1 to July 15; Quail,
64	which burned 2,222 acres from July 3 to July 9; and Pinyon, which burned 2,959 acres from
65	August 5 to August 13;
66	WHEREAS, several of last summer's large fires, including New Harmony, Church
67	Camp, and Wood Hollow, were less severe due to hazardous fuels reduction projects;
68	WHEREAS, dozens of homes and outbuildings survived these fires as a result of the
69	mitigation work done by the Division of Forestry, Fire and State Lands;
70	WHEREAS, Utah, along with local and federal cooperators, continues to modify
71	vegetation across the state to increase the probability of home survival during a wildfire;
72	WHEREAS, the Division of Forestry, Fire and State Lands was able to secure
73	approximately \$2.5 million from federal sources in 2012 to continue hazardous fuels mitigation
74	efforts on private property across the landscapes of Utah;
75	WHEREAS, the division also completed hazardous fuels mitigation work on more than
76	40 properties as a direct result of this grant funding;
77	WHEREAS, a total of 2,058 acres were treated for reduction of hazardous fuels and
78	revegetation in 2012, and a total of 33,925 acres have been treated since 2001;
79	WHEREAS, despite the busy fire season, the division was able to assist communities in
80	increasing their firefighting capacity and improving safety and effectiveness;
81	WHEREAS, the division awarded \$770,187 in grant funds to 83 Utah fire departments
82	for training, equipment, and personal protective equipment, certified more than 2,300 Utah
83	structural firefighters to fight wildland fire, sponsored five wildland engine workshops for Utah
84	fire departments that trained approximately 500 volunteer firefighters, and placed 20
85	firefighting apparatus with Utah fire departments;
