262 the culinary water authority's calculations described in Subsection (2)(a)(i).

263 (b) A local district may not impose an exaction for a water interest if the culinary water
264 authority's existing available water interests exceed the water interests needed to meet the
265 reasonable future water requirement of the public, as determined in accordance with Section
266 73-1-4.

267 (3) (a) If a local district plans to dispose of surplus real property that was acquired
268 under this section and has been owned by the local district for less than 15 years, the local
269 district shall offer to reconvey the surplus real property, without receiving additional
270 consideration, first to a person who granted the real property to the local district.

300 review of the local district's final decision.
