*Be it enacted by the Legislature of the state of Utah:*

Section 1. Section **40-8-14** is amended to read:

**40-8-14. Surety requirement -- Liability of small mining operations for failure to reclaim -- Forfeiture of surety.**

(1) (a) After receiving notification that a notice of intention for mining operations has

28 been approved, but prior to commencement of those operations, the operator shall provide  
29 surety to the division, in a form and amount determined by the division or board as provided in  
30 this section.

31 (b) In determining the amount of surety under this section, the division may use the  
32 average cost of reclamation per acre.

33 (c) The board shall annually establish a figure representing the average cost of  
34 reclamation per acre after receiving a presentation from the division concerning the average  
35 cost of reclamation per acre and providing opportunity for public comment.

36 (2) (a) Except as provided in Subsection (3), the division shall approve the amount and  
37 form of surety.

38 (b) In determining the amount of surety to be provided, the division shall consider:

39 (i) the magnitude, type, and costs of approved reclamation activities planned for the  
40 land affected; and

41 (ii) the nature, extent, and duration of operations under the approved notice.

42 (c) The division shall approve a fixed amount estimated to be required to complete  
43 reclamation at any point in time covered by the notice of intent.

44 (d) (i) The division shall determine the amount of surety required for notices of  
45 intention, by using cost data from current large mining sureties.

46 (ii) The costs shall be adjusted to reflect the nature and scope of activities in the  
47 affirmative statement filed under Subsection 40-8-18(4).

48 (e) (i) In determining the form of surety to be provided by the operator, the division  
49 shall approve a method acceptable to the operator consistent with the requirements of this  
50 chapter.

51 (ii) The form of surety that the operator may provide includes, but is not limited to, the  
52 following:

53 [(i)] (A) collateral;

54 [(ii)] (B) a bond or other form of insured guarantee;

55 [(iii)] (C) deposited securities; or

56 [(iv)] (D) cash.

57 (3) (a) If the operator proposes reclamation surety in the form of a written contractual  
58 agreement, the board shall approve the form of surety.

- 59 (b) In making this decision, the board shall consider:  
60 (i) the operator's:  
61 (A) financial status;  
62 (B) assets within the state;  
63 (C) past performance in complying with contractual agreements; and  
64 (D) facilities available to carry out the planned work;  
65 (ii) the magnitude, type, and costs of approved reclamation activities planned for the  
66 land affected; and  
67 (iii) the nature, extent, and duration of operations under the approved notice.

68 (4) In determining the amount and form of surety to be provided under this section,  
69 consideration shall be given to similar requirements made on the operator by landowners,  
70 governmental agencies, or others, with the intent that surety requirements shall be coordinated  
71 and not duplicated.

72 (5) The liability under surety provisions shall continue until liability, in part, or in its  
73 entirety, is released by the division.

74 (6) (a) If the operator of a mining operation, including a small mining operation, fails  
75 or refuses to carry out the necessary land reclamation as outlined in the approved notice of  
76 intention, the board may, after notice and hearing, declare any surety filed for this purpose  
77 forfeited.

78 (b) With respect to the surety filed with the division, the board shall request the  
79 attorney general to take the necessary legal action to enforce and collect the amount of liability.

80 (c) If surety or a bond has been filed with the Division of Forestry, Fire, and State  
81 Lands, the School and Institutional Trust Lands Administration, or any agency of the federal  
82 government, the board shall certify a copy of the transcript of the hearing and transmit it to the  
83 agency together with a request that the necessary forfeiture action be taken.

84 (d) The forfeited surety shall be used only for the reclamation of the land to which it  
85 relates, and any residual amount returned to the rightful claimant.
