

No. 147. An act relating to preliminary incubation testing of milk; raw milk quality study and report; and unlawful cutting of trees.

(S.207)

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS

(a) The preliminary incubation (PI) count of raw milk is one means of testing and detecting hygiene inadequacies during farm production that may not be apparent with a standard plate count (SPC) alone.

(b) Although the information gained from a PI count test may be valuable for detecting potential sanitation problems and as a quality indicator, the test is often not repeatable, even with identical samples. Therefore, the PI count should be evaluated in conjunction with other quality and sanitation indicators, including the SPC count.

(c) The PI count of milk is not required by the pasteurized milk ordinance or any Vermont regulation governing milk safety and sanitation. Nonetheless, at least one milk processor that purchases Vermont milk has used the PI count as the sole basis for denying the shipment of milk.

(d) Vermont law provides that a handler doing business in this state who has a contract with a producer for the purchase of dairy products shall not refuse to purchase dairy products from the producer except for violations of the sanitary regulations or standards applicable to the market in which the dairy product is sold or marketed.

(e) The purpose of this act is to establish that the PI count of cows' milk cannot serve as the sole basis for rejecting a milk supply.

Sec. 2. 6 V.S.A. § 2816 is added to read:

§ 2816. PRELIMINARY INCUBATION TESTING; REJECTION OF SUPPLY

A handler shall not reject the milk supply of a producer based solely on a preliminary incubation count.

Sec. 3. REPORT ON RAW MILK QUALITY PROBLEMS

(a) By September 30, 2010, the agency of agriculture, food and markets shall study raw milk quality problems, including PI count and the handling of raw milk samples.

(b) On or before January 15, 2011, the agency shall report to the house and senate committees on agriculture the extent to which milk quality problems, including PI count, exist in Vermont's milk supply and advise the committees regarding potential regulatory and legislative solutions to address these problems.

Sec. 4. 13 V.S.A. §§ 3601–3604 are added to read:

§ 3602. UNLAWFUL CUTTING OF TREES

(a) Any person who cuts, fells, destroys to the point of no value, or substantially damages the potential value of a tree without the consent of the owner of the property on which the tree stands shall be assessed a civil penalty in the following amounts for each tree over two inches in diameter that is cut, felled, or destroyed:

(1) if the tree is no more than six inches in stump diameter or DBH, not more than \$25.00;

(2) if the tree is more than six inches and not more than ten inches in stump diameter or DBH, not more than \$50.00;

(6) if the tree is greater than 22 inches in stump diameter or DBH, not more than \$1,500.00.

(b) In calculating the diameter and number of trees cut, felled, or destroyed under this section, a law enforcement officer may rely on a written damage assessment completed by a professional arborist or forester.

§ 3603. MARKING HARVEST UNITS

A landowner who authorizes timber harvesting or who in fact harvests timber shall clearly and accurately mark with flagging or other temporary and visible means the harvest unit. Each mark of a harvest unit shall be visible from the next and shall not exceed 100 feet apart. The marking of a harvest unit shall be completed prior to commencement of a timber harvest. If a violation as described in section 3602 of this title occurs due to the failure of a landowner to mark a harvest unit, the landowner who failed to mark a harvest

unit in accordance with the requirements of this subsection shall be assessed a civil penalty of not less than \$250.00 and not more than \$1,000.00.

§ 3604. EXEMPTIONS

The cutting, felling, or destruction of a tree or the harvest of timber by the following is exempt from the requirements of sections 3602, 3603, and 3606 of this title:

- (1) the agency of transportation conducting brush removal on state highways or agency-maintained trails;
- (2) a municipality conducting brush removal subject to the requirements of 19 V.S.A. § 904;
- (3) a utility conducting vegetation maintenance within the boundaries of the utility's established right-of-way;
- (4) a harvester harvesting timber that a landowner has authorized for harvest within a harvest unit that has been marked by a landowner under section 3603 of this title. A landowner who harvests timber on his or her own property shall not be a "harvester" for the purposes of this subdivision;
- (5) a railroad conducting vegetation maintenance or brush removal in the railroad right-of-way;
- (6) a licensed surveyor establishing boundaries between abutting parcels under 27 V.S.A. § 4.

Sec. 5. 13 V.S.A. § 3606 is amended to read:

§ 3606. TREBLE DAMAGES FOR CONVERSION OF TREES OR
DEFACING MARKS ON LOGS

If a person cuts down, destroys, or carries away any tree or trees placed or growing for any use or purpose whatsoever, or timber, wood, or underwood standing, lying, or growing belonging to another person, without leave from the owner of such trees, timber, wood, or underwood, or cuts out, alters, or defaces the mark of a log or other valuable timber, in a river or other place, the party injured may recover of such person, in an action on this statute, treble damages in an action on this statute or for each tree the same amount that would be assessed as a civil penalty under section 3602 of this title, whichever is greater. However, if it appears on trial that the defendant acted through mistake, or had good reason to believe that the trees, timber, wood, or underwood belonged to him or her, or that he or she had a legal right to perform the acts complained of, the plaintiff shall recover single damages only, with costs. For purposes of this section, “damages” shall include any damage caused to the land or improvements thereon as a result of a person cutting, felling, destroying to the point of no value, substantially reducing the potential value, or carrying away a tree, timber, wood, or underwood without the consent of the owner of the property on which the tree stands. If a person cuts down, destroys, or carries away a tree or trees placed or growing for any use or

purpose whatsoever or timber, wood, or underwood standing, lying, or growing belonging to another person due to the failure of the landowner or the landowner's agent to mark the harvest unit properly, as required under section 3603 of this title, a cause of action for damages may be brought against the landowner.
