1   On page 1, beginning on line 18, after "reduction" strike all
2   material through "regulations" on line 19 and insert "to required
3   minimum density"

        <u>EFFECT:</u> Provides that a clear and objective development
    regulation may not result in a reduction to required minimum density
    for a development proposal in the applicable zone, rather than in
    density, height, bulk, or scale below the generally applicable
    development regulations.
