## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

1750 HB promotes education around water safety and drowning prevention. WSSB will implement the legislation as follows:

Costs for producing literature around water safety = no additional costs, rather supplanting of other duties and production. Will most likely provided in digital format.

Costs to put the info into braille/large print, etc = no additional costs, will likely provide in digital format.

Costs for producing a listing of available swim lessons = no additional costs, not feasible to provide comprehensive listing, rather a memo to families with possible locations in a newsletter.

Any other costs related to complying with legislation = no financial impact, but cost would be other instructional time typically spent on other curricula.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates.
