18 available:

1 (1) In accordance with rules adopted by the superintendent of

7 multiple criteria intended to reveal, from a wide variety of sources
8 and data, each student's unique needs and capabilities. Selection
9 shall be made by a broadly based committee of professionals, after
10 consideration of the results of the multiple criteria assessment.

13 sending school, the receiving school shall initially honor placement of
14 the student into a like program.

16 program is a like program when compared to the sending school's
17 program; and

18 (b) The receiving school may conduct subsequent assessments to
19 determine appropriate placement and continued enrollment in the
20 program.

21 (3) Students selected pursuant to procedures outlined in this
22 section shall be provided, to the extent feasible, an educational
23 opportunity which takes into account each student's unique needs and
24 capabilities and the limits of the resources and program options
25 available to the district, including those options which can be
