1 AN ACT Relating to the profession of dental therapist; amending
2 RCW 18.32.030, 18.32.0351, 18.120.020, 18.130.040, 18.260.010,
3 18.260.040, 18.260.070, 18.260.080, 69.41.030, and 70.350.020;
4 reenacting and amending RCW 69.41.010; adding a new chapter to Title
5 18 RCW; creating a new section; and providing an effective date.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** The legislature finds that good oral
8 health is an integral piece of overall health and well-being. Without
9 treatment, dental disease compromises overall health and requires
10 increasingly costly interventions. However, most dental disease can
11 be prevented at little cost through routine dental care and disease
12 prevention.

13 Dental-related issues are a leading reason that Washingtonians
14 seek care in hospital emergency departments, which has become the
15 source of care for many, especially uninsured and low-income
16 populations.

17 It is the intent of the legislature to expand access to oral
18 health care for all Washingtonians through an evidence-based mid-
19 level dental provider called a dental therapist. Dental therapy is a
20 strategy to address racial and ethnic disparities in health and rural
21 health care access gaps. Dental therapists are also a strategy to

1 increase workforce diversity in health care and expand career
2 opportunities for existing members of the dental care workforce such
3 as dental hygienists.

4 It is the legislature's intent that dental therapists will meet
5 the needs of local communities as they work under the direction of a
6 licensed Washington dentist. The legislature intends for dental
7 therapists to be incorporated into the dental care workforce and used
8 to effectively treat more patients.

9 It is the intent of the legislature to follow the national
10 commission on dental accreditation's standards for dental therapy
11 education. This will ensure that dental therapists are trained to the
12 highest quality standards and provide state-to-state consistency. It
13 is the intent of the legislature that incorporating the commission on
14 dental accreditation's standards for dental therapy education will
15 pave the way for Washington education institutions to become
16 accredited programs and for students to qualify for financial aid.

17 It is also the intent of the legislature to provide an efficient
18 and reasonable pathway, through a limited license, for federally
19 certified dental health aide therapists or tribally licensed dental
20 therapists to become a Washington state licensed dental therapist.
