State of Washington 68th Legislature 2023 Regular Session

By House Postsecondary Education & Workforce (originally sponsored by Representatives Volz, Chapman, Graham, Ryu, Schmick, Dye, Walsh, McEntire, Maycumber, Caldier, Dent, Christian, Barnard, and Eslick)

- 1 AN ACT Relating to the multistate nurse licensure compact;
- 2 amending RCW 18.79.030, 18.130.040, and 18.130.040; adding new
- 3 sections to chapter 18.79 RCW; adding a new chapter to Title 18 RCW;
- 4 providing an effective date; and providing an expiration date.
- 5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
- 6 <u>NEW SECTION.</u> **Sec. 1.** This act shall be known and cited as the interstate nurse licensure compact.
- 8 <u>NEW SECTION.</u> **Sec. 2.** (1) The legislature finds that:
- 9 (a) The health and safety of the public are affected by the 10 degree of compliance with and the effectiveness of enforcement 11 activities related to state nurse licensure laws;
 - (b) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;
 - (c) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;
- 18 (d) New practice modalities and technology make compliance with 19 individual state nurse licensure laws difficult and complex;

p. 1 SHB 1417

- 1 (e) The current system of duplicative licensure for nurses 2 practicing in multiple states is cumbersome and redundant for both 3 nurses and states; and
- 4 (f) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.
 - (2) The general purposes of this compact are to:

- 7 (a) Facilitate the states' responsibility to protect the public's 8 health and safety;
- 9 (b) Ensure and encourage the cooperation of party states in the 10 areas of nurse licensure and regulation;
 - (c) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;
- 13 (d) Promote compliance with the laws governing the practice of 14 nursing in each jurisdiction;
- 15 (e) Invest all party states with the authority to hold a nurse 16 accountable for meeting all state practice laws in the state in which 17 the patient is located at the time care is rendered through the 18 mutual recognition of party state licenses;
- 19 (f) Decrease redundancies in the consideration and issuance of 20 nurse licenses; and
- 21 (g) Provide opportunities for interstate practice by nurses who 22 meet uniform licensure requirements.
- NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (16) "State practice laws" means a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.
- 9 <u>NEW SECTION.</u> **Sec. 4.** (1) A multistate license to practice 10 registered or licensed practical or vocational nursing issued by a 11 home state to a resident in that state will be recognized by each 12 party state as authorizing a nurse to practice as a registered nurse, 13 or licensed practical or vocational nurse, under a multistate 14 licensure privilege, in each party state.
 - (2) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state's criminal records.
- 23 (3) Each party state shall require the following for an applicant 24 to obtain or retain a multistate license in the home state:
 - (a) Meets the home state's qualifications for licensure or renewal of licensure, as well as all other applicable state laws;
 - (b) (i) Has graduated or is eligible to graduate from a licensing board-approved registered nurse, or licensed practical or vocational nurse, prelicensure education program; or
 - (ii) Has graduated from a foreign registered nurse, or licensed practical or vocational nurse, prelicensure education program that (A) has been approved by the authorized accrediting body in the applicable country and (B) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;
 - (c) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency

p. 4 SHB 1417

- 1 examination that includes the components of reading, speaking, 2 writing, and listening;
- 3 (d) Has successfully passed an NCLEX-RN $^{\otimes}$ or NCLEX-PN $^{\otimes}$ examination 4 or recognized predecessor, as applicable;

- (e) Is eligible for or holds an active, unencumbered license;
- (f) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state's criminal records;
- (g) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;
- (h) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;
 - (i) Is not currently enrolled in an alternative program;
- (j) Is subject to self-disclosure requirements regarding current participation in an alternative program; and
 - (k) Has a valid United States social security number.
- (4) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.
- (5) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

p. 5 SHB 1417

(6) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.

- (7) Any nurse holding a home state multistate license, on the effective date of this compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:
- (a) A nurse, who changes primary state of residence after the effective date of this compact, must meet all applicable requirements of subsection (3) of this section to obtain a multistate license from a new home state.
- (b) A nurse who fails to satisfy the multistate licensure requirements in subsection (3) of this section due to a disqualifying event occurring after the effective date of this compact shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the interstate commission.
- NEW SECTION. Sec. 5. (1) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.
- (2) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.
- (3) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the interstate commission.
- 37 (a) The nurse may apply for licensure in advance of a change in 38 primary state of residence.

p. 6 SHB 1417

(b) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

- 6 (4) If a nurse changes primary state of residence by moving from 7 a party state to a nonparty state, the multistate license issued by 8 the prior home state will convert to a single-state license, valid 9 only in the former home state.
- NEW SECTION. Sec. 6. (1) In addition to the other powers conferred by state law, a licensing board shall have the authority to:
- 13 (a) Take adverse action against a nurse's multistate licensure 14 privilege to practice within that party state.
- 15 (i) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.
 - (ii) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;
- 22 (b) Issue cease and desist orders or impose an encumbrance on a 23 nurse's authority to practice within that party state;
 - (c) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;
 - (d) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall

- (e) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the federal bureau of investigation for criminal background checks, receive the results of the federal bureau of investigation record search on criminal background checks, and use the results in making licensure decisions;
- 10 (f) If otherwise permitted by state law, recover from the 11 affected nurse the costs of investigations and disposition of cases 12 resulting from any adverse action taken against that nurse;
 - (g) Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.
 - (2) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.
 - (3) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.
- NEW SECTION. Sec. 7. (1) All party states shall participate in a coordinated licensure information system of all licensed registered nurses, and licensed practical or vocational nurses. This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.
- 36 (2) The interstate commission, in consultation with the 37 administrator of the coordinated licensure information system, shall 38 formulate necessary and proper procedures for the identification, 39 collection, and exchange of information under this compact.

p. 8 SHB 1417

- (3) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications, the reasons for such denials, and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.
- (4) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.
- (5) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.
- (6) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.
- (7) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.
- (8) The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:
 - (a) Identifying information;
 - (b) Licensure data;

- (c) Information related to alternative program participation; and
- 31 (d) Other information that may facilitate the administration of 32 this compact, as determined by interstate commission rules.
- 33 (9) The compact administrator of a party state shall provide all investigative documents and information requested by another party state.
- NEW SECTION. Sec. 8. (1) The party states hereby create and establish a joint public entity known as the interstate commission of nurse licensure compact administrators.

p. 9 SHB 1417

1 (a) The interstate commission is an instrumentality of the party 2 states.

- (b) Venue is proper, and judicial proceedings by or against the interstate commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the interstate commission is located. The interstate commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.
- 9 (c) Nothing in this compact shall be construed to be a waiver of sovereign immunity.
 - (2) (a) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the interstate commission shall be filled in accordance with the laws of the party state in which the vacancy exists.
 - (b) Each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the interstate commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.
 - (c) The interstate commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the interstate commission.
 - (d) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rule-making provisions in section 9 of this act.
 - (e) The interstate commission may convene in a closed, nonpublic meeting if the interstate commission must discuss:
- 34 (i) Noncompliance of a party state with its obligations under 35 this compact;
- 36 (ii) The employment, compensation, discipline, or other personnel 37 matters, practices, or procedures related to specific employees or 38 other matters related to the interstate commission's internal 39 personnel practices and procedures;

- NEW SECTION. Sec. 9. (1) The interstate commission shall exercise its rule-making powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.
- (2) Rules or amendments to the rules shall be adopted at a regular or special meeting of the interstate commission.
 - (3) Prior to promulgation and adoption of a final rule or rules by the interstate commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the interstate commission shall file a notice of proposed rule making:
 - (a) On the web site of the interstate commission; and
- 38 (b) On the web site of each licensing board or the publication in 39 which each state would otherwise publish proposed rules.

p. 15 SHB 1417

(4) The notice of proposed rule making shall include:

- 2 (a) The proposed time, date, and location of the meeting in which 3 the rule will be considered and voted upon;
- 4 (b) The text of the proposed rule or amendment, and the reason 5 for the proposed rule;
- 6 (c) A request for comments on the proposed rule from any 7 interested person; and
 - (d) The manner in which interested persons may submit notice to the interstate commission of their intention to attend the public hearing and any written comments.
 - (5) Prior to adoption of a proposed rule, the interstate commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.
 - (6) The interstate commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.
- 16 (7) The interstate commission shall publish the place, time, and 17 date of the scheduled public hearing.
 - (a) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.
 - (b) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the interstate commission at hearings required by this section.
 - (8) If no one appears at the public hearing, the interstate commission may proceed with promulgation of the proposed rule.
 - (9) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the interstate commission shall consider all written and oral comments received.
 - (10) The interstate commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rule-making record and the full text of the rule.
 - (11) Upon determination that an emergency exists, the interstate commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rule-making procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably

possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

- (a) Meet an imminent threat to public health, safety, or welfare;
- 5 (b) Prevent a loss of interstate commission or party state funds; 6 or

- (c) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.
- (12) The interstate commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the web site of the interstate commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the interstate commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the interstate commission.
- NEW SECTION. Sec. 10. (1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.
 - (2) The interstate commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the interstate commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the interstate commission shall render a judgment or order void as to the interstate commission, this compact, or promulgated rules.
 - (a) If the interstate commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the interstate commission shall:
 - (i) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the interstate commission; and

p. 17 SHB 1417

1 (ii) Provide remedial training and specific technical assistance 2 regarding the default.

- (b) If a state in default fails to cure the default, the defaulting state's membership in this compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
- (c) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the interstate commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.
- (d) A state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
- (e) The interstate commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the interstate commission and the defaulting state.
- (f) The defaulting state may appeal the action of the interstate commission by petitioning the United States district court for the District of Columbia or the federal district in which the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.
- (3) (a) Upon request by a party state, the interstate commission shall attempt to resolve disputes related to the compact that arise among party states and between party and nonparty states.
- (b) The interstate commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.
- (c) In the event the interstate commission cannot resolve disputes among party states arising under this compact:

- an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.
- 3 (ii) The decision of a majority of the arbitrators shall be final 4 and binding.
- 5 (4)(a) The interstate commission, in the reasonable exercise of 6 its discretion, shall enforce the provisions and rules of this 7 compact.

- (b) By majority vote, the interstate commission may initiate legal action in the United States district court for the District of Columbia or the federal district in which the interstate commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.
- 17 (c) The remedies herein shall not be the exclusive remedies of 18 the interstate commission. The interstate commission may pursue any 19 other remedies available under federal or state law.
- NEW SECTION. Sec. 11. (1) This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six states or December 31, 2018.  - (3) Any party state may withdraw from this compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute.
 - (4) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

p. 19 SHB 1417

- 1 (5) Nothing contained in this compact shall be construed to 2 invalidate or prevent any nurse licensure agreement or other 3 cooperative arrangement between a party state and a nonparty state 4 that is made in accordance with the other provisions of this compact.
- 5 (6) This compact may be amended by the party states. No amendment 6 to this compact shall become effective and binding upon the party 7 states unless and until it is enacted into the laws of all party 8 states.
- 9 (7) Representatives of nonparty states to this compact shall be 10 invited to participate in the activities of the interstate 11 commission, on a nonvoting basis, prior to the adoption of this 12 compact by all states.
- 13 <u>NEW SECTION.</u> **Sec. 12.** This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this 14 15 compact shall be severable, and if any phrase, clause, sentence, or 16 provision of this compact is declared to be contrary to the 17 Constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, 18 circumstance is held invalid, the validity of the remainder of this 19 20 compact and the applicability thereof to any government, agency, 21 person, or circumstance shall not be affected thereby. If this compact shall be held to be contrary to the Constitution of any party 22 state, this compact shall remain in full force and effect as to the 23 24 remaining party states and in full force and effect as to the party 25 state affected as to all severable matters.
