
HOUSE BILL 1418

State of Washington

68th Legislature

2023 Regular Session

By Representatives Springer, Lekanoff, Entenman, Rude, Rule, Stokesbary, Walen, Chapman, Senn, Reeves, Corry, Bateman, Harris, Griffey, Steele, Hackney, Duerr, Doglio, and Couture

1 AN ACT Relating to enrichment funding for charter public schools;
2 amending RCW 28A.710.280; and creating a new section.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** The legislature finds that the population
5 of Washington state has become increasingly diverse over the last
6 several decades. The legislature also finds that as the demographics
7 of our state change, historically and currently marginalized
8 communities still do not have the same opportunities to meet parity
9 as their nonmarginalized counterparts across nearly every measure
10 including education, poverty, employment, health, and more.
11 Inequities based on race, ethnicity, gender, and other
12 characteristics continue to be deep, pervasive, and persistent, and
13 they come at a great economic and social cost.

14 The legislature finds that state government must identify and
15 coordinate effective strategies that focus on eliminating systemic
16 barriers for historically and currently marginalized groups and that
17 providing equitable enrichment funding for charter public school
18 students is an important step toward promoting opportunities for
19 communities that have not always been well-served by traditional
20 public schools.

1 **Sec. 2.** RCW 28A.710.280 and 2021 c 111 s 12 are each amended to
2 read as follows:

3 (1) The legislature intends that state funding for charter
4 schools be distributed equitably with state funding provided for
5 other public schools. A charter school is eligible to apply for state
6 grants on the same basis as a school district.

7 (2) For eligible students enrolled in a charter school
8 established and operating in accordance with this chapter, the
9 superintendent of public instruction shall transmit to each charter
10 school an amount calculated as provided in this section and based on
11 the statewide average salaries set forth in RCW 28A.150.410 for
12 certificated instructional staff adjusted by the regionalization
13 factor that applies to the school district in which the charter
14 school is geographically located, including any enrichment to those
15 statutory formulae that is specified in the omnibus appropriations
16 act. The amount must be the sum of (a) and (b) of this subsection.

17 (a) The superintendent shall, for purposes of making
18 distributions under this section, separately calculate and distribute
19 to charter schools moneys appropriated for general apportionment
20 under the same ratios as in RCW 28A.150.260.

21 (b) The superintendent also shall, for purposes of making
22 distributions under this section, and in accordance with the
23 applicable formulae for categorical programs specified in (b)(i)
24 through (v) (i) of this subsection (2) and any enrichment to those
25 statutory formulae that is specified in the omnibus appropriations
26 act, separately calculate and distribute moneys appropriated by the
27 legislature to charter schools for:

28 (i) Supplemental instruction and services for students who are
29 not meeting academic standards through the learning assistance
30 program under RCW 28A.165.005 through 28A.165.065;

31 (ii) Supplemental instruction and services for eligible and
32 enrolled students and exited students whose primary language is other
33 than English through the transitional bilingual instruction program
34 under RCW 28A.180.010 through 28A.180.080;

35 (iii) The opportunity for an appropriate education at public
36 expense as defined by RCW 28A.155.020 for all eligible students with
37 disabilities as defined in RCW 28A.155.020;

38 (iv) Programs for highly capable students under RCW 28A.185.010
39 through 28A.185.030; (~~and~~)

1 (v) Pupil transportation services to and from school in
2 accordance with RCW 28A.160.150 through 28A.160.180. Distributions
3 for pupil transportation must be calculated on a per eligible student
4 basis based on the allocation for the previous school year to the
5 school district in which the charter school is located; and

6 (vi) Enrichment of the state's statutory program of basic
7 education as authorized under RCW 28A.150.276. The superintendent of
8 public instruction must distribute to each charter school a per-pupil
9 enrichment grant in the amount of the state local effort assistance
10 threshold as defined in RCW 28A.500.015.

11 (3) The superintendent of public instruction must adopt rules
12 necessary for the distribution of funding required by this section
13 and to comply with federal reporting requirements.
