
HOUSE BILL 1687

State of Washington

68th Legislature

2023 Regular Session

By Representatives Eslick and Goodman

1 AN ACT Relating to vehicle service fees; amending RCW 46.17.040;
2 creating a new section; providing an effective date; and declaring an
3 emergency.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** (1) The legislature finds that Washington
6 state's vehicle and vessel licensing system depends on a partnership
7 between the department of licensing, the county auditors, and the
8 vehicle subagents. Vehicle subagents perform vehicle and vessel
9 licensing on behalf of the state; they are small Washington family
10 businesses, not large out-of-state corporations, and therefore the
11 revenue from these businesses stays in Washington state and is
12 invested back into their Washington communities. Vehicle subagents
13 are located in most communities of the state and are open extended
14 hours and weekends to serve the public. These private businesses
15 collect and remit hundreds of millions of dollars in taxes and fees
16 for the state of Washington each year. The only moneys that are
17 retained by vehicle subagents are the registration service fee or the
18 titling service fee; all other moneys are remitted to the county and
19 state. With the rising costs of property rents, worker benefits, and
20 employee wages, and future increases to come, vehicle subagents rely

1 on steady and dependable revenue commensurate with inflation of these
2 business costs to operate successfully.

3 (2) The legislature intends to keep the state vehicle and vessel
4 licensing delivery system healthy, and vehicle subagents and county
5 auditors are a critical component of that system. The service fee
6 retained by vehicle subagents and the filing fee deposited into
7 county general funds are set in statute and must be changed by the
8 legislature. Historically, these fees were adjusted every four to
9 five years. It is the intent of the legislature to make fee
10 adjustments to keep the vehicle subagents and county auditors healthy
11 by implementing a cost-of-living adjustment every three years, which
12 will allow vehicle subagents to receive the important fee adjustments
13 required at regular intervals.

14 **Sec. 2.** RCW 46.17.040 and 2019 c 417 s 2 are each amended to
15 read as follows:

16 (1) The department, county auditor or other agent, or subagent
17 appointed by the director shall collect a service fee of:

18 (a) (~~Fifteen dollars~~) \$15 for changes in a certificate of
19 title, changes in ownership for nontitled vehicles, or for
20 verification of record and preparation of an affidavit of lost title
21 other than at the time of the certificate of title application or
22 transfer, in addition to any other fees or taxes due at the time of
23 application; and

24 (b) (~~Eight dollars~~) \$8 for a registration renewal, issuing a
25 transit permit, or any other service under this section, in addition
26 to any other fees or taxes due at the time of application.

27 (2) Service fees collected under this section by the department
28 or county auditor or other agent appointed by the director must be
29 credited to the capital vessel replacement account under RCW
30 47.60.322.

31 (3) Service fees collected under this section shall be adjusted
32 for inflation every three years, beginning July 1, 2023, based upon
33 five percent per annum plus changes in the consumer price index
34 during that time period, rounded up to the nearest five cents.

35 (4) During the first quarter of the year preceding the scheduled
36 inflationary adjustment, the department shall reach out and gather
37 stakeholder comment on the anticipated adjustment.

38 (5) For purposes of this section, "consumer price index" means,
39 for any calendar year, that year's average consumer price index for

1 the Washington area for all urban consumers, all items, compiled by
2 the United States department of labor, bureau of labor statistics or
3 its successor agency.

4 NEW SECTION. **Sec. 3.** This act is necessary for the immediate
5 preservation of the public peace, health, or safety, or support of
6 the state government and its existing public institutions, and takes
7 effect July 1, 2023.

--- END ---
