
HOUSE BILL 1852

State of Washington

68th Legislature

2023 Regular Session

By Representative Wylie

1 AN ACT Relating to tolling authorization for the Interstate 5
2 bridge replacement project; amending RCW 43.84.092 and 43.84.092;
3 reenacting and amending RCW 47.56.810; adding new sections to chapter
4 47.56 RCW; creating new sections; repealing RCW 47.56.892; providing
5 an effective date; providing a contingent effective date; and
6 providing an expiration date.

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

8 NEW SECTION. **Sec. 1.** The legislature finds that the replacement
9 and improvement of the Interstate 5 Columbia river bridge is critical
10 for the west coast's transportation system and for the safety of
11 Washington and Oregon drivers. The interstate bridge includes two
12 side-by-side structures built in 1917 and 1958. In 2019,
13 approximately 143,000 vehicles traveled across the interstate bridge
14 each weekday. In 2017, about \$71,000,000 in freight commodity value
15 crossed the river each day. Collisions on and near the bridge occur
16 at a rate almost twice as high as other similar urban highways, and
17 the aging bridges are vulnerable to earthquakes. Replacing these
18 structures and making multimodal improvements to facilitate travel in
19 the bistate corridor is essential for the economy of the region.
20 Although Washington state has pledged \$1,000,000,000, and expects an
21 equivalent investment of \$1,000,000,000 from Oregon state, to help

1 finance replacement of the bridge, funding from tolls and other
2 sources will be necessary to complete and maintain the project. The
3 legislature finds that Oregon state has already authorized tolls to
4 be imposed on the Oregon portion of the Interstate 5 bridge
5 replacement project, and that providing tolling authorization within
6 Washington state will help make the project better situated to
7 receive funding from other sources, including federal funding. As a
8 result, and to align with the efforts of Oregon state, the
9 legislature intends to provide tolling authorization for the
10 Interstate 5 bridge replacement project.

11 NEW SECTION. **Sec. 2.** A new section is added to chapter 47.56
12 RCW under the subchapter heading "toll facilities created after July
13 1, 2008" to read as follows:

14 (1) For the purposes of this section and sections 3, 4, and 8 of
15 this act, "Interstate 5 bridge replacement project" means the
16 bistate, multimodal corridor improvement program between the state
17 route number 500 interchange in Vancouver, Washington and the Victory
18 Boulevard interchange in Portland, Oregon.

19 (2) The Interstate 5 bridge replacement project is designated an
20 eligible toll facility. Tolls are authorized to be imposed on the
21 Interstate 5 bridge replacement project. Tolls may be charged for
22 travel only on the existing and replacement Interstate 5 Columbia
23 river bridges. Tolls may not be charged for travel on the Washington
24 state portion of Interstate 205. Toll revenue generated on the
25 Interstate 5 bridge replacement project must be expended only as
26 allowed under RCW 47.56.820.

27 NEW SECTION. **Sec. 3.** A new section is added to chapter 47.56
28 RCW under the subchapter heading "toll facilities created after July
29 1, 2008" to read as follows:

30 (1) A special account to be known as the Interstate 5 bridge
31 replacement project account is created in the state treasury.

32 (2) Deposits to the account must include:

33 (a) All proceeds of bonds and loans issued on behalf of
34 Washington state for the Interstate 5 bridge replacement project,
35 including any capitalized interest;

36 (b) All net tolls and other revenues received from the operation
37 of the Interstate 5 bridge replacement project as a toll facility;

1 (c) The Washington state portion of any interest that may be
2 earned from the deposit or investment of those revenues;

3 (d) Notwithstanding RCW 47.12.063, the Washington state portion
4 of proceeds from the sale of any surplus real property acquired for
5 the Interstate 5 bridge replacement project; and

6 (e) The Washington state portion of all damages, liquidated or
7 otherwise, collected under any contract involving the Interstate 5
8 bridge replacement project.

9 (3) Moneys in the account may be spent only after appropriation,
10 consistent with RCW 47.56.820.

11 NEW SECTION. **Sec. 4.** A new section is added to chapter 47.56
12 RCW under the subchapter heading "toll facilities created after July
13 1, 2008" to read as follows:

14 For the Interstate 5 bridge replacement project, the tolling
15 authority may enter into a bistate agreement with the Oregon state
16 transportation commission regarding the mutual or joint setting,
17 adjustment, and review of toll rates and exemptions as the tolling
18 authority may find necessary to carry out the purposes of this
19 section.

20 **Sec. 5.** RCW 47.56.810 and 2011 c 377 s 7 and 2011 c 369 s 2 are
21 each reenacted and amended to read as follows:

22 The definitions in this section apply throughout this subchapter
23 unless the context clearly requires otherwise:

24 (1) "Eligible toll facility" or "eligible toll facilities" means
25 portions of the state highway system specifically identified by the
26 legislature including, but not limited to, transportation corridors,
27 bridges, crossings, interchanges, on-ramps, off-ramps, approaches,
28 bistate facilities, and interconnections between highways. For
29 purposes of a bistate facility, the legislature may define an
30 "eligible toll facility" to include a part of a project that may
31 extend beyond the state border.

32 (2) "Express toll lanes" means one or more high occupancy vehicle
33 lanes of a highway in which the department charges tolls primarily as
34 a means of regulating access to or use of the lanes to maintain
35 travel speed and reliability.

36 (3) "Toll revenue" or "revenue from an eligible toll facility"
37 means toll receipts, all interest income derived from the investment
38 of toll receipts, and any gifts, grants, or other funds received for

1 the benefit of transportation facilities in the state, including
2 eligible toll facilities.

3 (4) "Tolling authority" means the governing body that is legally
4 empowered to review and adjust toll rates. Unless otherwise
5 delegated, the transportation commission is the tolling authority for
6 all state highways.

7 **Sec. 6.** RCW 43.84.092 and 2022 c 182 s 403 are each amended to
8 read as follows:

9 (1) All earnings of investments of surplus balances in the state
10 treasury shall be deposited to the treasury income account, which
11 account is hereby established in the state treasury.

12 (2) The treasury income account shall be utilized to pay or
13 receive funds associated with federal programs as required by the
14 federal cash management improvement act of 1990. The treasury income
15 account is subject in all respects to chapter 43.88 RCW, but no
16 appropriation is required for refunds or allocations of interest
17 earnings required by the cash management improvement act. Refunds of
18 interest to the federal treasury required under the cash management
19 improvement act fall under RCW 43.88.180 and shall not require
20 appropriation. The office of financial management shall determine the
21 amounts due to or from the federal government pursuant to the cash
22 management improvement act. The office of financial management may
23 direct transfers of funds between accounts as deemed necessary to
24 implement the provisions of the cash management improvement act, and
25 this subsection. Refunds or allocations shall occur prior to the
26 distributions of earnings set forth in subsection (4) of this
27 section.

28 (3) Except for the provisions of RCW 43.84.160, the treasury
29 income account may be utilized for the payment of purchased banking
30 services on behalf of treasury funds including, but not limited to,
31 depository, safekeeping, and disbursement functions for the state
32 treasury and affected state agencies. The treasury income account is
33 subject in all respects to chapter 43.88 RCW, but no appropriation is
34 required for payments to financial institutions. Payments shall occur
35 prior to distribution of earnings set forth in subsection (4) of this
36 section.

37 (4) Monthly, the state treasurer shall distribute the earnings
38 credited to the treasury income account. The state treasurer shall

1 credit the general fund with all the earnings credited to the
2 treasury income account except:

3 (a) The following accounts and funds shall receive their
4 proportionate share of earnings based upon each account's and fund's
5 average daily balance for the period: The abandoned recreational
