39 responsible party available, and the cemetery authority or funeral
40 establishment may not be held criminally or civilly liable for

1 burying, hydrolyzing, or cremating the human remains. In the event

7 individual resides to ascertain whether the individual has made an
8 anatomical gift.

9 (2) A procurement organization must be allowed reasonable access
10 to information in the records of the department of licensing to
11 ascertain whether an individual at or near death is a donor.

12 (3) When a hospital refers an individual at or near death to a
13 procurement organization, the organization may conduct any reasonable
14 examination necessary to ensure the medical suitability of a part
15 that is or could be the subject of an anatomical gift for
16 transplantation, therapy, research, or education from a donor or a
17 prospective donor. During the examination period, measures necessary
18 to ensure the medical suitability of the part may not be withdrawn
19 unless the hospital or procurement organization knows that the
20 individual expressed a contrary intent.

22 after a donor's death, the person to which a part passes under RCW
23 68.64.100 may conduct any reasonable examination necessary to ensure

30 refusal, unless a procurement organization knows the minor is
31 emancipated, the procurement organization shall conduct a reasonable
32 search for the parents of the minor and provide the parents with an
33 opportunity to revoke or amend the anatomical gift or revoke the
34 refusal.

36 section, a procurement organization shall make a reasonable search
37 for any person listed in RCW 68.64.080 having priority to make an
38 anatomical gift on behalf of a prospective donor. If a procurement
39 organization receives information that an anatomical gift to any

1 other person was made, amended, or revoked, it shall promptly advise
2 the other person of all relevant information.

12 donor and before embalming, burial, alkaline hydrolysis, or
13 cremation, shall cause the part to be removed without unnecessary
