### *Analysis by the Legislative Reference Bureau*

Under current law, the Wisconsin Economic Development Corporation administers a program under which it collaborates with state agencies to develop and implement initiatives for the attraction of talent to and retention of talent in this state.

This bill requires WEDC to expend \$5,000,000 for the purpose of talent attraction and retention initiatives focused specifically on active duty military personnel transitioning out of the U.S. armed forces and veterans. The initiatives must include digital marketing, direct outreach to military personnel, and grants to local and regional economic development organizations for talent attraction and retention initiatives focused specifically on active duty military personnel transitioning out of the U.S. armed forces and veterans. The bill also requires WEDC to submit a report to the legislature that describes in detail each initiative undertaken as required under the bill in the 2023-25 fiscal biennium, the dollar amount expended on the initiative, and WEDC's assessment of the success of the initiative.
