AUTHORS SUBJECT TO CHANGE

1 **AN ACT** *to create* 97.67 (3) of the statutes; **relating to:** inspections of
2 recreational and educational camps.

Analysis by the Legislative Reference Bureau

Under current law, an overnight recreational or educational camp must obtain a license from the Department of Agriculture, Trade and Consumer Protection or from the local county or municipal health department. This bill requires DATCP, or the local health department, when issuing a renewal license to a camp, to waive any applicable inspection requirement for two out of every three license years if the camp has been accredited by the American Camp Association. A camp for which the inspection requirement has been waived must comply with all other applicable requirements for the camp.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 97.67 (3) of the statutes is created to read:
4 97.67 (3) For a recreational or educational camp that is applying for a renewed
