***Analysis by the Legislative Reference Bureau******Scope of regulated activity***

Currently, individuals who accept contributions, organizations that make or accept contributions, and individuals who or organizations that incur obligations or make disbursements for the purpose of influencing an election for state or local office are generally required to register with the appropriate filing officer and to file financial reports with that officer, regardless of whether they act in conjunction with or independently of any candidate who is supported or opposed.

With certain exceptions, this bill imposes registration and reporting requirements, in addition, upon any individual who and organization that, within 60 days of an election and by means of communications media, makes any communication that includes a reference to a candidate for state office, other than court of appeals judge, circuit judge, or district attorney, at that election, a state office, other than court of appeals judge, circuit judge, or district attorney, to be filled at that election, or a political party. The bill also requires an individual who or organization that becomes subject to a registration requirement by making such a communication to report, upon registration, the information that would have been required to be reported if the individual or organization had been registered with respect to any obligation incurred or disbursement made for the purpose of making such a communication prior to registration. The bill, however, does not require registration and reporting if the communication is made by a corporation, cooperative, or nonpolitical voluntary association and is limited to the corporation's, cooperative's, or association's members, shareholders, or subscribers.

The change in the scope of reportable activity under the bill also applies to contribution and disbursement (spending) limitations and restrictions by causing reportable "contributions," "obligations," and "disbursements" to include the cost of all reportable communications.

***Public financing of elections for certain state offices***

Currently, no public grants are available to finance the campaigns of any candidate for state or local office in this state. This bill creates a clean elections fund to provide grants to qualifying candidates for campaign expenses. Under the bill, a candidate for any state office other than court of appeals judge, circuit judge, or district attorney may qualify to receive a grant from the clean elections fund. Separate grants are provided for primary and election campaigns. To qualify for a grant, a candidate must qualify to have his or her name appear on the ballot at a spring, partisan, or special primary or a spring, general, or special election for which the grant will be used. To qualify for a grant at a general or partisan special election, a candidate must be the nominee of a political party that currently qualifies to have its candidates appear on a separate ballot, or in a separate column or row on the ballot, or must receive at least 1 percent of the total vote cast on all ballots for the

**ASSEMBLY BILL 642**

office that the candidate seeks at the partisan primary, or at the special primary, if a special primary is held. In addition, a candidate must raise and deposit with the state treasurer a specified number of qualifying contributions in the amount of \$5 each. Each qualifying contribution must be received from an elector of this state and, for a candidate seeking legislative office, from an elector of the district in which the candidate seeks office. The name and address of the contributor must be reported to the Government Accountability Board (GAB). The number of qualifying contributions ranges from 3,000 to 100, depending on the office sought by the candidate. Prior to notification that a candidate has qualified to receive a grant, the candidate may also accept seed money contributions in amounts of not more than \$100 cumulatively from a single contributor subject to aggregate limitations that vary from \$50,000 to \$1,500 depending upon the office sought by the candidate. The bill permits a candidate to expend the proceeds of seed money contributions for any lawful purpose.

Under the bill, a candidate may receive two kinds of grants: a basic grant and matching grants. The maximum amount of a basic grant that a candidate may receive ranges from \$1,000,000 in the primary and \$2,000,000 in the election to \$25,000 in the primary and \$50,000 in the election, depending on the office sought by the candidate, except if a candidate has no opponent whose name is certified to appear on the ballot. Under the bill, an unopposed candidate at a primary election may receive a basic grant equal to the average total disbursements made per candidate in primary elections for the office that the candidate seeks during the four-year period preceding the date of the primary election, and an unopposed candidate at a spring, general, or special election may receive a basic grant equal to the average total disbursements made per candidate in spring, general, and special elections for the office that the candidate seeks during the four-year period preceding the date of the spring, general, or special election, except that a candidate for the office of governor may receive a basic grant of \$100,000 for a primary election and \$200,000 for a general election. Basic grant amounts are subject to a biennial cost-of-living adjustment.

In addition to a basic grant, a qualifying candidate may receive a matching grant from the clean elections fund for each contribution up to \$25 cumulatively that the candidate receives from an individual in an amount equal to three times the amount of the contribution. To receive a matching grant, a candidate must report certain information concerning the contribution to GAB. There is no limitation on the total amount of matching contributions that a candidate may qualify to receive under the bill.

To receive a grant, a candidate must affirm that he or she has not accepted and agrees not to accept, before the candidate qualifies to receive a grant, a contribution from any source other than qualifying contributions or seed money contributions. The candidate must also agree that he or she will not accept any other contributions after the candidate qualifies to receive a basic grant except matching contributions, subject to the limitations provided in the bill. (The agreement does not apply to contributions accepted before the bill becomes law.) The total seed money contributions accepted by a candidate from one contributor, including contributions

**ASSEMBLY BILL 642**

by a candidate to his or her own campaign, may not exceed \$100. The total seed money contributions that may be accepted by a candidate from all contributors ranges from \$50,000 to \$1,500, depending on the office sought by the candidate. The bill permits grants to be spent for any lawful purpose. Under the bill, a candidate must return to the state grant moneys that are not spent by the candidate after an election except that a candidate who is nominated in a primary election need not return any grant moneys after the primary if the candidate qualifies to receive a grant for the succeeding election.

The bill provides that if a candidate does not adhere to the agreement required to obtain a grant, the candidate is subject to a forfeiture (civil penalty) equivalent to the amount of the grant that the candidate received, and may be fined an amount equal to not more than three times the amount of any contributions received by the candidate excluding the amount of any grant and any qualifying, seed money, or matching contributions that are permitted to be accepted under the bill.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

11 **SECTION 36.** 11.31 (9) of the statutes is created to read:

12 11.31 (9) ADJUSTMENT OF DISBURSEMENT LEVELS. (a) In this subsection,

23 consumer price indexes. The board shall then add that product to the applicable level  
24 under sub. (1), round each sum to the nearest multiple of \$5, and adjust the amount  
25 of each level to substitute the resulting amount. The amount so determined shall

1 then be in effect until a subsequent rule is promulgated under this paragraph.  
2 Notwithstanding s. 227.24 (1) (a), (2) (b), and (3), determinations under this  
3 paragraph may be promulgated as an emergency rule under s. 227.24 without  
4 providing evidence that the emergency rule is necessary for the public peace, health,  
5 safety, or welfare and without a finding of emergency. Notwithstanding ss. 227.135  
6 (2) and (4) and 227.24 (1) (c) and (e) 1d. and 1g. and (2) (a), a proposed emergency rule  
7 promulgated under this paragraph and the statement of the scope of the proposed  
8 emergency rule are not subject to approval of the governor and the emergency rule  
9 remains in effect until the nonemergency rule corresponding to that rule takes effect.

10 **SECTION 37.** 11.38 (6) of the statutes is amended to read:

11 11.38 (6) Any individual or campaign treasurer who receives funds in violation

20 candidates on all ballots for the same office at the partisan primary, or at a special  
21 primary if a special primary is held.

22 (3) Prior to notification that a candidate has qualified to receive a grant from  
23 the clean elections fund under sub. (5), a candidate may accept seed money  
24 contributions from individuals. The total seed money contributions accepted by a  
25 candidate from one contributor, including any seed money contributions made by a

**ASSEMBLY BILL 642**

1 candidate to his or her own campaign, may not exceed \$100. The total seed money  
2 contributions accepted by a candidate during the candidate's campaign, as defined  
3 in s. 11.26 (17), may not exceed, in the aggregate, the following amount for the office  
4 sought by candidate:

17 who makes a seed money contribution under sub. (3) may also make a matching  
18 contribution in the full amount authorized under sub. (10).

19 (5) (a) To qualify to receive a grant from the clean elections fund, a candidate  
20 shall file an application with the board, no later than a time specified by the board  
21 by rule, in which the candidate shall affirm that he or she has not accepted and agrees  
22 not to accept after notification of the candidate's qualification a contribution from  
23 any source other than a contribution required under sub. (2) or a contribution  
24 authorized under sub. (3), except matching contributions in the amount authorized  
25 under sub. (10) and except as otherwise provided in par. (b). If the candidate desires

**ASSEMBLY BILL 642****SECTION 38**

1 to receive grant payments by electronic transfer, the candidate shall include in his  
2 or her application sufficient information and authorization for the state treasurer to  
3 transfer payments to his or her campaign depository account. The board shall notify  
4 each candidate who qualifies to receive a grant from the clean elections fund as  
5 promptly as possible following qualification.

6 (b) A candidate who receives a grant at a primary election but does not qualify  
7 to receive a grant at the succeeding general or special election is not required to  
8 adhere to his or her affirmation under par. (a) after the date of the primary election.

9 (6) (a) The board shall distribute basic primary election grants from the clean  
10 elections fund to each candidate who qualifies to receive a grant under this section  
11 as soon as possible preceding the date on which the primary election is held for the

13 held if a primary election were required to be held.

14 (b) The board shall distribute basic grants for the spring, general, and any  
15 special election from the clean elections fund to each candidate who qualifies to  
16 receive a grant under this section as soon as possible after the date of the primary  
17 election for the office sought by the candidate, or the date on which the primary  
18 election would be held if a primary election were required to be held.

19 (c) The board shall distribute matching grants for any election from the clean  
20 elections fund to each candidate who qualifies to receive a matching grant under this  
21 section as soon as possible after the date on which the board verifies that the  
22 candidate is eligible to receive a matching grant. The board shall distribute  
23 additional matching grants at periodic intervals after initial matching grants are  
24 distributed as soon as the board is able to verify eligibility for additional grants.

**ASSEMBLY BILL 642**

1           (7) A candidate who receives a grant from the clean elections fund shall file  
2 with the board reports of all disbursements made in the manner provided under s.  
3 11.06 (1) (g), without regard to the amounts thereof.

4           (8) (a) Except as provided in par. (b) and sub. (9), a candidate who qualifies to  
5 receive a basic grant from the clean elections fund under this section shall receive  
6 a grant in the following amount for the office sought by the candidate and for the  
7 election specified:

<i>Office</i>	<i>Primary Election</i>	<i>Spring, General, or Special Election</i>
10       1. Governor	\$1,000,000	\$2,000,000
11       2. Lieutenant governor	250,000	500,000
12       3. Attorney general	350,000	700,000
13       4. State treasurer	125,000	250,000
14       5. Secretary of state	125,000	250,000

16       7. Justice	150,000	300,000
17       8. State senator	50,000	100,000
18       9. Representative to the assembly	25,000	50,000

19           (b) If a candidate does not have an opponent who has qualified to have his or  
20 her name appear on the ballot at the election for which a grant is to be applied, the  
21 candidate shall receive a basic grant for a primary election equal to the average total  
22 disbursements made per candidate in primary election campaign periods, as  
23 determined on a statewide basis by the board from reports filed by or on behalf of  
24 those candidates in accordance with s. 11.31 (5), for the office that the candidate  
25 seeks during the 4-year period preceding the date of the primary election, or a basic  
26 grant for a spring, general, or special election equal to the average total  
27 disbursements made per candidate in general and special election campaign periods,

**ASSEMBLY BILL 642****SECTION 38**

1 as determined on a statewide basis by the board from reports filed by or on behalf of  
2 those candidates in accordance with s. 11.31 (5), for the office that the candidate  
3 seeks during the 4-year period preceding the date of the spring, general, or special  
4 election, less the aggregate amount of contributions accepted by the candidate under  
5 sub. (3) except that a candidate for the office of governor shall receive a basic grant  
6 of \$100,000 for a primary election and a basic grant of \$200,000 for a general election.

7 (9) (a) In this subsection, “consumer price index” means the average of the  
8 consumer price index over each 12-month period, all items, U.S. city average, as  
9 determined by the bureau of labor statistics of the U.S. department of labor.

10 (b) The dollar amounts of the grants specified in sub. (8) (a) and the grants  
11 specified for the office of governor in sub. (8) (b) are subject to a biennial  
12 cost-of-living adjustment to be determined by rule of the board in accordance with  
13 this paragraph. To determine the adjustment, the board shall, as soon as possible  
14 after the end of each odd-numbered year, calculate the percentage difference  
15 between the consumer price index for the 12-month period ending on December 31  
16 of the preceding year and the consumer price index for calendar year 2013. For each  
17 biennium, the board shall multiply the amount of each grant specified in sub. (8) by  
18 the percentage difference in the consumer price indexes. The board shall then add  
19 that product to the applicable grant amount under sub. (8), round each sum to the  
20 nearest multiple of \$5, and adjust the amount of each grant to substitute the  
21 resulting amount. The amount so determined shall then be in effect until a  
22 subsequent rule is promulgated under this paragraph. Notwithstanding s. 227.24  
23 (1) (a), (2) (b), and (3), determinations under this paragraph may be promulgated as  
24 an emergency rule under s. 227.24 without providing evidence that the emergency  
25 rule is necessary for the public peace, health, safety, or welfare, and without a finding

**ASSEMBLY BILL 642**

1 of emergency. Notwithstanding ss. 227.135 (2) and (4) and 227.24 (1) (c) and (e) 1d.  
2 and 1g. and (2) (a), a proposed emergency rule promulgated under this paragraph  
3 and the statement of the scope of the proposed emergency rule are not subject to  
4 approval of the governor and the emergency rule remains in effect until the  
5 nonemergency rule corresponding to that rule takes effect.

6 **(10)** A candidate who receives notification under sub. (5) that the candidate has  
7 qualified to receive a basic grant may also qualify to receive matching grants under  
8 this subsection. A matching grant shall be in an amount equal to 3 times the amount  
9 of any contribution or contributions up to \$25 cumulatively that are received by a  
10 candidate from an individual exclusive of any seed money or qualifying contributions  
11 received by the candidate from the same individual. A candidate who receives a  
12 matching contribution shall separately identify the contribution in the candidate's  
13 financial reports under s. 11.06 (1). A candidate who receives one or more matching  
14 contributions after the end of a reporting period for his or her most recent financial  
15 report may file a special report in the manner prescribed by the board disclosing the  
16 pertinent information under s. 11.06 (1) in the manner specified in sub. (7) with  
17 respect to the matching contributions. The candidate shall also include the  
18 information in his or her next financial report. The board shall make a reasonable  
19 effort to verify reports of eligibility for matching grants for use at an election if the  
20 reports are received by the board by the Thursday before the election. The board  
21 shall not provide matching grants to candidates for use in an election unless the  
22 board is able to verify eligibility for the grants by 4 p.m. on the Friday before the  
23 election.

24 **(11)** Except as provided in sub. (2) (a), a candidate may expend the proceeds  
25 of grants and other contributions received for any lawful purpose.

**ASSEMBLY BILL 642****SECTION 38**

1           **(12)** If a candidate who makes an agreement under sub. (5) does not adhere to  
2 the agreement, the candidate shall forfeit an amount equivalent to any grant from  
3 the clean elections fund that is provided to the candidate and the candidate may be  
4 fined not more than 3 times the amount of any contributions received by the  
5 candidate in his or her campaign, as defined in s. 11.26 (17), exclusive of the amount  
6 of any grant or any contributions deposited under sub. (2) or received under sub. (3)  
7 or (10).

8           **(13)** No later than the first day of the first month beginning at least 15 days  
9 after an election at which a candidate receives a grant from the clean elections fund,  
10 the candidate shall return to the state treasurer any amount of the grant remaining  
11 in the candidate's campaign depository account, except that a candidate who receives  
12 a grant at a primary election need not return any amount under this subsection if  
13 the candidate qualifies to receive a grant at the succeeding spring, general, or special  
14 election.

15           **(14)** The board may promulgate rules required to implement this section.
