AUTHORS SUBJECT TO CHANGE

- 1 **AN ACT to amend** 950.04 (1v) (m); and **to create** 971.097 of the statutes;
2 **relating to:** crime victim impact statements.

Analysis by the Legislative Reference Bureau

Under current law, a crime victim may offer a statement regarding the impact of the crime on his or her life, which may be considered at sentencing, disposition, or parole hearings.

This bill names such a statement a "victim impact statement." Under the bill, a victim impact statement is confidential, and unless the statement contains exculpatory information, the statement is not considered a witness statement that must be disclosed by the prosecuting attorney to the court and to the defendant at trial. The bill allows a victim to amend or retract a victim impact statement he or she has provided up until the time at which it is disclosed. Under the bill, a victim impact statement may not be disclosed until after a plea has been entered or a conviction has been obtained in a criminal case, at which time the statement must be disclosed to the court, the prosecuting attorney, and the defendant or the defendant's attorney, and the judge must enter a protective order barring redisclosure of the statement. The bill requires that a disclosed statement be kept confidential and returned to the court at the conclusion of representation.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
