### *Analysis by the Legislative Reference Bureau*

This bill extends the term or duration of certain approvals that are the subject of administrative, judicial, or appellate proceedings that may result in the invalidation, reconsideration, or modification of the approval. The terms or durations are extended by an amount of time equal to 36 months plus the duration of the administrative, judicial, or appellate proceeding to which the covered approval is subject. The approvals covered under the bill are, with certain exceptions, 1) unexpired permits or approvals for construction projects issued by the Department of Safety and Professional Services, the Department of Natural Resources, the Department of Transportation, a political subdivision, or a special purpose district and 2) plats or certified survey map approvals. The extension is exercised by the holder of the approval notifying the governmental unit that issued the approval of the person's decision to exercise the extension not less than 90 days before the expiration of the unextended term or duration of the approval. In general, the laws,

**SENATE BILL 254**

regulations, ordinances, rules, or other properly adopted requirements that were in effect at the time the approval was issued continue to apply to the construction project, plat, or certified survey map during the period of extension.

The bill also specifies that a dwelling that is occupied before undergoing all inspections for compliance with the uniform dwelling code may be granted an occupancy permit if the dwelling later passes a uniform dwelling code final inspection. Also, if an occupancy permit for a dwelling is granted after it is occupied, any missed inspection of the dwelling may not be listed as a finding on the occupancy permit.

Current rules promulgated by the Department of Safety and Professional Services generally allow a dwelling to be occupied without a uniform dwelling code final inspection if the inspection is not completed by DSPS or a municipality within five business days of an applicant's notification.

The bill also allows municipalities to waive interest and penalties on late installment payments of property taxes payable in 2021. Under current law, a late installment payment of property taxes is subject to interest and penalties, with the interest accruing from February 1 of the year in which the taxes are due. For property taxes payable in 2020, if an installment payment due after April 1, 2020, is late, current law allows a municipality to temporarily waive the interest and penalties in cases of hardship if the entire amount due is paid no later than October 1, 2020, and both the county and municipality adopt resolutions authorizing the waiver.

Under the bill, for an installment payment due after January 1, 2021, that is late, a municipality may waive the interest and penalties if the municipality makes a general or case-by-case finding of hardship and the total amount due is paid no later than October 1, 2021. A municipality may waive the interest and penalties only if the county first adopts a resolution authorizing the waiver and establishing criteria for determining hardship and the municipality then adopts a similar resolution. Under the bill, interest and penalties will accrue from October 1, 2021, for any property taxes payable in 2021 that are delinquent after that date. The bill requires a county that adopts a waiver resolution to settle the taxes, interest, and penalties collected before August 1, 2021, on August 20, 2021, and to settle the remaining unpaid taxes, interest, and penalties on September 20, 2021. The August 20, 2021, settlement must be distributed proportionally to the underlying taxing jurisdictions.

The bill also modifies the provision in current law that generally requires a person to have paid his or her property taxes on time in order to file a claim to recover the unlawful imposition of property taxes, a claim for the excessive assessment of property taxes, or a claim to recover property taxes paid in protest due to an outstanding contested assessment. Current law provides an exception from this requirement for taxes due and payable in 2020 if paid by October 1, 2020, or a later applicable installment date. The bill creates a similar exception for property taxes due and payable in 2021 so that the timely payment requirement does not apply to these taxes if paid by October 1, 2021, or a later applicable installment date.
